Dear Peter,

We just wanted to let you know how pleased we were with all the details JohnPaul relayed to us after the summer workshop. We were thrilled with the 2 dance routines that he was able to master. All the details about his acting classes were enjoyable to hear about because he was so animated and excited. And lastly, the stage performance was a joy to see. We were ecstatic with the wonderful monologue he performed. The way he acted it out really made us see the progress he made during the course of just one week.

Thank you for inviting him to this wonderful experience. He was thrilled to tell us EVERY detail on our LONG drive back to Ohio. We appreciate all the effort you made to make it a great week for him.

Peace,
KatieZorc
