Peter!

I just wanted to say thank you so much for inviting me to the workshop in New York! I had the most amazing time and I will never forget the experience I had. I also wanted to thank you for choosing me to be a dancer in the showcase, it meant so much to me and I will be forever grateful. I have learned so much from the choreographers and all of the instructors that I am looking forward to applying when I go to auditions and preparing for shows. This has definitely made me realize that acting and dancing is something that I want and am determine to make my career, it has brought be so much joy and it always will. You and all the people at Beginnings have made me come out of my shell more and have helped me become a more confident person who truly believes that I can succeed in what I have chosen to do so thank you so much for that!

Hope to see you again soon,

Gabby Beasley
