Subject: Memories!

Dear Peter,

Reagan (Gentges- Jacksonville FL) and I are were just talking about you. Were your ears burning? We were thinking about last year at this time when we were meeting you and looking forward to Reagan's opportunity to go to Beginnings. What a special time that workshop was to her! She had to write a personal narrative for her Language class and I wanted to forward it to you. We are ever so grateful for the wonderful experience you offered to Reagan. She is very envious of the lucky kids who will be joining you this summer and especially of those who are going to Hollywood. By the way, at a recent dance competition, Reagan was awarded an opportunity for a mini photo session in L.A. and the opportunity to compete for ICON of Hollywood Connections in L.A. She is working hard and dreams of Broadway. Thank you for allowing her dreams and confidence to grow!!!! Sylvia Gentes
