to me

We appreciate the invitation to further study.

I think Beginnings Workshop was an incredibly valuable experience for Erin, and I have seen a lot of growth that I would credit to the experience. It has been really amazing to watch Erin tackle this school year. She has always been a strong student, but she has been really focused, and working incredibly hard.

Thank you so much for all of the work you put into these youth, and thank you again for giving Erin this opportunity.

Sincerely,

Jennifer Fee
