Peter,

I have been meaning to write you an email to let you know how much Shelby enjoyed your workshop. She was thrilled about her solo in the show, very excited about having that opportunity. I am anxious to get my copy to see it. She came home and auditioned for her school musical (SECRET GARDEN) and got the part of Mary, the lead. She has been practicing very hard for their performances the first two weekends in November. Thank you again for having her and giving her the opportunity to learn from others who have been successful in the field.

Terri Brown
