

Dear Peter,

You don't know how much I enjoyed my experience at Beginnings. I had the best time learning and exploring the creative field of dramatics. I was very honored that you chose me in the first place. I didn't imagine the workshop at all like it was. As I looked forward to the workshop, I got more and more excited. What an experience it was! I learned that you don't have your whole life, just get out there and do it. The classes improved my self-confidence, and all the other girls in my cabin helped me too. They taught me that you don't have to have cliques all the time to have friends, you can all be one, big, happy family together. I also have decided to eat healthy now, improving your diet helps you to feel better; I figured that out. But over all, I just wanted to thank you for making such an experience possible.

*Sincerely,
Jenna Winter*
