Hello Peter,

I wanted to take a moment to let you know that we are so thrilled with the growth and excitement we have seen in Celeste since she attended the *Beginnings* Workshop. We have thoroughly enjoyed hearing about all of her experiences from the July session. We have already completed her paperwork for next year's workshop and are sending it in; she is thrilled to be selected to assist the workshop!

Celeste is also anxiously awaiting the word on which mini workshop she will be invited to attend and I note that the dates are up on the "dates" portion of the *Beginnings* website. Will we receive a separate invite that states which of these you are hoping to include her in? If the October dates are still available and you think she would fit in with that group we would be interested in sending her to that session. We are already looking forward to our next trip to the city.

Thank you so much for everything; the marked difference in Celeste and her obvious increase in confidence since the workshop is amazing. We are so moved by all of the comments she received from the instructors and the chaperones and we are hoping that her amazing delivery at the performance is just an indication of the growth she will continue to realize under your direction. I am more impressed than I ever expected to be with the professionalism and knowledge of not only yourself, but also your staff. A million times thank you! You have changed Celeste's life...and in such a positive way.

Sincere Regards,
