Hi Peter. I am writing to let you know that Chelsea had a wonderful time at your June workshop. She met great friends and loved her chaparone. You also touched her heart. As I waited to pick her up after the showcase, I studied you and was impressed and touched with the way you interacted with and handled the kids. You have a gift with children. I will admit that I was a little uncertain about the workshop because I really didn't know you. After I witnessed you with the kids, I was thankful I did not let my anxiety stop Chelsea from experiencing a once in a lifetime opportunity. I do want Chelsea to continue to work with you (She insists on it!). As you already know, she is scheduled to attend your mini-workshop in August. She is going to ask her cheer coach if she can leave the cheer camp two days early so she can make the mini-workshop. I don't know if the coach will budge due to the fact that this is the one and only mandatory camp scheduled. Chelsea's solution to the problem was to quit cheerleading. I told her she could not quit because she made a committment and should see it through. So, if she should not be able to attend the August mini, I promised her that when I come up with the funds, I will send her on another one, probably in the fall. I will let you know the outcome of her coaches decision when she returns from her vacation some time next week. In closing I would like to thank you again for providing my daughter with this opportunity and for the time you gave her with your words of encouragement and love. Doris Davis  
P.S. Please send the new mini-workshop schedule for the fall and winter a.s.a.p. THANKS
