

Dear Peter;

9/6/04

Thank you for selecting me to go to New York. I had a great time. And when I got home I noticed a few new changes, one thing is that I became more outgoing and independent another thing I noticed is that I added a couple new things to my diet such as fruit, vegetables, tofo, and soymilk. It was a great experience and would love to come back. Something else I noticed during the workshop is that once I learned my schedule I was having fun and felt independent, I really had a great time and hope to see you soon. Thank you, Thank you, well since I don't have enough room to say how thankful I am, I got you a little gift that I promised you. Love,

Caroline Kirkcaldy

(P.S. can I come back please? and write back, thank you.)

(P.S. Your tofo taste better than my dad's. How do you make it?)
