To me

Dear Peter,

My apologies for not replying or reaching out to you sooner. My wife and I wish to thank you so very much for such a professional and extraordinary learning experience you and your staff provide not just for our daughter Emma Rose but for all of the attendees.

In an era of over promising and under delivery your workshop is a rare exception. We all are looking forward to Emma Rose attending your Hollywood workshop in April, 2019.

Best Wishes,

Tom Smith
