Dear Peter;

FINALLY a note from us thanking you for the "AWESOME" time Alyssa had at Beginnings this past June. She came home a different girl. She is much more positive and more focused on eating healthy and being careful what she is involved in ,etc. Alyssa has seen that there is a whole other life outside of the small town we live in, and she is DETERMINED to make something of her life, now that she has seen the many possibilities that are out there. She truly enjoyed the whole Beginnings experience....and she even commented that "some" of the food wasn't just TOO bad !! ☺

From the moment we picked Alyssa up after the SHOWCASE Monday night, she has said that she is DEFINITELY going back next summer. So, enclosed is a check for her tuition for next summer. She has been on the internet all summer visiting with the wonderful friends she met at Beginnings. Some of them are deciding that they are going to meet every summer at Beginnings until they are too old to attend any more. Now, that speaks VOLUMES to me of how fantastic of an experience they had. Imagine a 14 year old girl from a "small" town in North Dakota (535) being able to be involved in an enriching life experience like Beginnings every year from now on until she is in her 20's. What an opportunity!! So, Peter, we thank you again for everything you did for Alyssa. She said you are so caring and compassionate....that each one could tell how much you love them and care for their well-being. We would pay ANY amount to enable Alyssa to have a wonderful life experience like she had at Beginnings.

THANK YOU, THANK YOU, from the bottom of our hearts !!!  
Also, you can give our name and number out to as many students as you like . We will give Beginnings the highest of recommendations !!

Sincerely,

*Dale & Gloria Gackle*
