Dear Mr Sklar,

I wish to say thank you for the winter break acting course. My daughter, [redacted], very much enjoyed the program. She was sad when it came to an end last night. We were not sure how it would work with the online option and her lack of experience with acting, but it was a lovely experience for her. She so enjoyed working with the coaches and being pushed out of her comfort zone trying something new. She likes challenges and learning new information. It was nice to see her so engaged.

Thank you & Happy New Year!
